Stamping Team Leader, 2nd shift

Description

Purpose:

To be a member of the Stamping Department Team that focuses on producing parts that meet all Customer specifications at or below standard cost and in a clean and safe environment which supports the Company's mission statement and vision.

Responsibilities

Position Functions:

- Must perform all duties and responsibilities of a Die Setter
- Work with other departments (QA, Die Repair, Automation, Maintenance, Warehouse, etc.) to troubleshoot processes to ensure that all internal and external requirements are met. Coach/train personnel on lessons learned from troubleshooting activities.
- Monitor to make sure that all supplies (material, reels, interliner, labels and special equipment) are available when needed. Maintain (Start, End, Suspend, etc.) the internal manufacturing monitoring system (ie Mattec or equivalent). Verify that programs running and in queue match daily report and internal and external delivery dates.
- Review departmental documentation (Setup Sheets, BOM & Routings, Engineering Specifications, etc.) and have updated any errors or improvements. Coach/train personnel on all updated processes and procedures.
- Monitor to make sure that all auxiliary equipment logs and press preventative maintenance sheets are being followed and are up to date so that equipment stays in good working order.
- Participate on team or be a leader of departmental 8D's or Customer complaints
- When Stamping Manager is out of the plant the Team Leader must be able to step in and perform the Stamping Manager duties as required. Assist in preparation and presentation of all Departmental meetings

Qualifications

Knowledge/Skills/Experience Required:

- High School Graduate or Equivalent. A minimum of ten (10) years of experience with die technology
- Must possess good leadership and coaching/training skills
- Must possess good analytical and problem-solving skills
- Must be driven self-starter that works with little supervision
- Must have good written and verbal communication skills
- Must possess the ability to multi-task and set priorities
- Must be a Team player and have the ability to interact effectively with all departments within the Company
- Must have good PC skills
- ISO/QS/TS knowledge preferred
